NOTICE OF PUBLIC HEARING

Proposed Amendments to the 2014 Major Thoroughfare and Freeway Plan (MTFP)

The City of Houston Planning Commission will hold a **public hearing on Thursday, July 16, 2015 at 2:30 p.m. in the City Hall Annex Building, Council Chambers, Public Level, 900 Bagby Street, Houston, Texas, 77002.** The purpose of the Public Hearing is to allow interested citizens to be heard concerning proposed changes to the 2014 Major Thoroughfare and Freeway Plan (MTFP). The MTFP identifies right-of-way needs and proposes roadway alignments within the city limits of Houston and its Extraterritorial Jurisdiction (ETJ). The MTFP does not initiate the timing of right-of-way acquisition or construction activities related to the roadways.

Information on each proposed amendment will be available for public review at an **open house to be held on Thursday, June 25, 2015 from 5:30 p.m. to 7:30 p.m. at the United Way Community Resource Center, 50 Waugh Drive, Houston, Texas, 77007.** The applicants and Planning and Development Department (P&D) personnel will be available at the open house to answer questions.

This notification letter has been mailed to property owners and registered civic associations adjacent to roadways included the amendment request. Included in this notification package is information about the specific amendment which may be of potential interest to the respective property owner and provides answers to some frequently asked questions.

In addition to comments made at the Public Hearing, **comments submitted by July 3, 2015, using the online comment form** available on the website listed below, will be taken into account by the Planning Commission before making a decision on amendment requests. Additionally, the Commission will weigh information provided by P&D and other government transportation agencies in the Houston region. Four weeks after the public hearing, on August 13, 2015, staff will present recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. Once an ordinance for the amendments has been adopted by City Council, a new MTFP will be published by the City. 2015 Major Thoroughfare and Freeway Plan (MTFP) Amendments

Frequently Asked Questions

Q What is a Major Thoroughfare and Freeway Plan (MTFP) Amendment?

A The City of Houston's MTFP was first adopted by City Council in 1942. It is a long range plan that provides for a system of thoroughfares and collectors to support overall mobility. It does not deal with timing of right-of-way acquisition or road construction. The Plan is updated through an annual amendment process. Amendments generally delete, add or modify a portion of a planned Thoroughfare or Collector. Streets such as Hillcroft Avenue, Kirby Drive, and FM 2100 are examples of planned Major Thoroughfares that have matured over the years. The Plan will continue to be modified in order to meet Houston's growing transportation needs.

Q What is an alternative?

A When the City receives an application to amend the MTFP, staff evaluates the proposed request and studies the adjoining area's major roadway network. The Planning Department (P&D) may identify and evaluate other options in the area, other than the one submitted by the applicant. Such options will be presented as alternatives at the Open House so that all interested parties are aware of options being considered by P&D and Planning Commission.

Q I received a letter from the City. Why? What does this have to do with me?

A If you have received a notice in the mail from the City, it means that our records show you own property that may be impacted by a proposed amendment to the MTFP. Please read the enclosed report to learn more about the proposed amendment that may specifically impact you and your property.

Q My property is located in the County, not within the City limits. Why is the City dealing with issues in the County?

A The MTFP covers not just the major road network within the City limits, but also within the City's Extra Territorial Jurisdiction (ETJ). This allows transportation needs to be addressed on a regional basis.

Q I am concerned about a proposed amendment. What can I do?

Also, you can learn more about what will happen at the public hearing and how you can best express your concerns to the Planning Commission.

Q What is going to happen at the Public Hearing on July 31? (*see map on reverse*)

A The Planning Commission holds a Public Hearing to provide an opportunity for concerned citizens to make their views known publicly. Comments submitted by July 3, using the online comment form on the website (refer to instructions above to locate the link on the website), will also be taken into account by the Planning Commission in making a decision on amendment requests. Additionally, the Commission will weigh information provided by the P&D staff and other government agencies concerned about transportation in our region.

Q Who decides what to do?

A Four weeks after the Public Hearing, P&D will present its recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. Once an ordinance for the amendments has been adopted by City Council, a new MTFP will be published by the City and made available as a reference to other agencies and the public throughout the year.

PRELIMINARY REPORT

2015: E14 – *Jackrabbit Road*

APPLICANT: Harris County Engineering Department

KEY MAP: 408

JURISDICTION: Harris County

LAMBERT: 4762

DISTRICT/PRECINCT:

Harris County Pct.: 4

PROPOSAL:

Harris County is requesting the addition of Jackrabbit Road, between FM 529 and SH 6, as a Major Collector with 4 lanes and an 80-foot right-of-way (MJ-4-80) to the Major Thoroughfare and Freeway Plan.

APPLICANT'S JUSTIFICATION and HISTORY:

An 80-foot right-of-way (ROW) with pavement already exists for Jackrabbit Road. The applicant contends that due to the increased population growth of Harris County and development along this corridor, it is anticipated that more vehicles will use Jackrabbit Road to connect from FM 529 to the SH 6/US 290 intersection. Jackrabbit Road primarily fronts the back lots of residential homes between FM 529 and West Road without any opportunity to obtain additional ROW. However, there is opportunity to expand the pavement because the existing pavement is only 24 feet wide. Jackrabbit Road fronts commercial and light industrial development from West Road to SH 6. From these limits, additional ROW could be obtained and the road could be widened if necessary. This collector would serve as a midpoint corridor between two major thoroughfares, Huffmeister Road and North Eldridge Parkway to relieve congestion.

The applicant states that Jackrabbit Road is a true collector which accumulates traffic from local streets for distribution to other major thoroughfare streets such as West Road and SH6. The major collector, Jackrabbit Road per definition has commercial, residential and industrial uses along the corridor. Showing Jackrabbit Road as a Major Collector on the MTFP would give a more complete picture of the development gridlines for this area. This is the reason for the amendment. The applicant contends that if an amendment is not done, the development gridlines wouldn't show a complete picture in this area.

Jackrabbit Road is currently not listed on the MTFP.
